

CONGRATULATIONS  
on your new purchase

logickeyboard™

# Your new professional shortcut keyboard

## Enhanced productivity

Our highly customized and color-coded Logickeyboard is one of the most helpful tools you'll ever own. Designed specifically for your software application, it lets you fully leverage keyboard shortcuts.

Whether you're a beginner learning new software or a professional using it daily, a Logickeyboard is a tremendous time-saver and a fantastic addition to your editing suite.

## It's logical to use

The color-coding helps you quickly locate different categories of keyboard shortcut commands.

The commands are clear and concise, with icons matching your software's shortcuts.

You can find detailed explanations of all shortcut commands in your software documentation by simply looking up "keyboard shortcut."

## Simplicity at your fingertips

A Logickeyboard is easy to install and simple to use. No driver is required, and the shortcut commands are available as long as your software application is running. When not using your application, the keyboard functions like a regular keyboard. No need to switch keyboards or connect multiple keyboards.

## Video editing keyboards

# Your investment protection

## Superior quality

Logickeyboard products are designed and manufactured in accordance with the highest quality standards, and their durability and reliability are renowned in the industry. We stand behind our products and provide timely support via our website.

## Safety & comfort

Using keyboard shortcuts can reduce the repetitive motion associated with using a mouse, which can cause health hazards like carpal tunnel syndrome.

## Warranty

Your product has a one-year warranty from the date of purchase. Please keep your proof of purchase in case you need to file a claim. If proof of purchase is not available, the warranty period will begin on the product's manufacture date.

For product returns, please use the Contact form on our website to request a Return Merchandise Authorization (RMA) number. If your product is found to have a factory defect, we will either repair or replace the product free of charge.
